Presidents Message July 2016

Welcome to our July issue. Munno Para has come and gone and congratulations to John Moon for his Grand Champion win, and to all the other prize winners. A special thank you to all of our workers, from the Saturday night judging and

display erecting, to all of you who helped on the trading table and also to our two show marshals who made everything run smoothly.

Apart from a couple of hiccups and the reduced display space given to us by Munno Para this year, and the shortage of open plants, we had plenty of plants on display and for sale on the trading table. Thank you to all of you who supplied plants for the show.

We now look forward to Westlake's in 6 week's time which, with the support we are getting from the Westlake Centre this year, looks like it will be bigger and better than last year.

Your committee has decided that for Munno Para, the commission for the sale of plants will be 25% for everybody, and for Westlake's it will be 20% for anybody that helps at the show, and 25% for all other members. This brings us in line to what is happening at most other clubs and will make it more attractive for our members to bring their plants along to the show to sell.

Just something to consider with the selling table at Westlake's. It would be advantageous and fair to all members if, on the Saturday, and you have a lot of plants to sell, bring half in on the Saturday and the rest in later in the week.

Last year we were overwhelmed with plants on the Saturday and ended up with trolleys full out the back, and in the middle of the trading table, as well as the tables bursting with plants. Please consider your fellow members and if you can get back with a second drop, that would be a great help.

The good news from last year was by late afternoon on the last day every plant that had been brought in, was sold.

The July meeting promises to be a good night's entertainment with our first auction night for a while, so please bring along a good plant that you no longer want, so it can be auctioned off. We will also have Moss's compots for auction as well. We will also have another "Grower Of The Month", a look back at Munno Para, for those that could not get there, and the Neutrog presentation.

The auction night will raise extra funds for the club, and next time we have an auction night, the money raised will be split 50/50 with the grower so let's get behind it, and make it work.

I hope you all got through the cold and wet weather of the last weeks ok, with not too much damage to your shade houses and plants. The only casualty at my place was a plant that I have waited six years to flower, finally two spikes looking good and ready to open in the next few weeks. You guessed it, blown over by the wind and one of the spikes has lost a couple of buds.

I look forward to seeing you all at the next meeting, on the 27th

June meeting winning plant descriptions

Open Division

(Valley Royale x Cloris Jean) x President Gorbachev. This was a small standard, pale pink, with a dark maroon banded lip, and well balanced shape. It had two strong, upright flower spikes, of 11 and 10 flowers. The spikes had the flowers well arranged around each spike. It was very well grown in a 200mm pot by Ben Knobben. **Pictured page 11**

First Division

Vibrant Bliss x Amber Wall. This plant had 3 tall, upright flower spikes of yellow / orange flowers, on a smallish plant. The lip was yellow, with vibrant red markings. It had 10 to 13 flowers per spike, and all flowers were open which created a colourful display. It was a first flowering seedling, beautifully grown by John Moon. **Pictured page 12**

Second Division

Peggy Sue “Five” This plant had three flower spikes, averaging 16 flowers per spike, growing in a 170mm pot. It had strong pink petals and sepals, with a dark banded labellum, and a white pollen cap. Grown by Ron and Elizabeth Hannaford. **Pictured page 12**

Trading Table Conditions

It has come to our attention over the week of the Munno Para show that a few members are not sticking to the criteria for placement of plants on the trading table. This may have happened because they may have thought there would have been less plants to sell. The Trading Table is not to be used to get rid of your average plants.

Any plant that is sold from the table is not sold in the grower's name. It is sold in the club's name. We do not want people buying our plants and finding they do not grow or flower, or even worse die. From now on this is the criteria for placement of plants and will be controlled by the Show Marshalls in both Munno Para and West Lakes. Any inferior plants will be rejected and not placed on the table.

Below are the conditions of placement

- * All plants must be in good condition
- * No plants with broken spikes, broken flowers and flowers that are not in good condition
- * If it does not have **5 flowers or more or 5 buds or more with at least one open** it will not be benched
- * No yellow leaves or badly marked plants, any plant that looks suspect to a virus will be rejected
- * Pots should be clean and have your mix covering the roots of the plant
- * Mark sure the plant is well watered before benching
- * A small amount of unflowered small seedlings or clones will be allowed but photos of the crossings need to be supplied. These plants will more than likely only be brought by experienced growers, and the public are unlikely to buy them, when for few dollars more they can purchase a large plant with a spike
- * As with the large plants they must be in good condition
- * Consider your pricing well. If you over price them, they could still be there at the end of the week.
- * All plants must be free of scale or any other pests.

Please stick to these criteria's as it may save any embarrassment when you bring your plants to the show. As always the Show Marshalls are in charge, and any decision they make will be final.

Reminder Our Spring Show, at West Lakes is from Sunday 28th August, until Saturday 3rd September.

Put in is from 5.00pm on Saturday 27th August, and plants need to be in place for judging by 5.45pm

Take out is from 5.00pm on Saturday 3rd September.

We need large numbers of plants for the trading table

If you help for a minimum of 4 hours at the show, between Sunday 28th and Friday 2nd, the commission for selling your plants will be 20% of the sale price. A\Members who do not assist for 4 hours or more during that time, will be charged 25% selling commission.

Note This is a small fee, if you compare it with the markup that a florist or garden centre normally charge. It is most often 200% or more.

And for the record

Dural Show (NSW) is from August 5th to August 7th

National Show in Melbourne is on the 10th & 11th September, at the Hungarian Community Centre, Boronia (Eastern Suburb)

ADVANCE NOTICE

**The Cymbidium Orchid Society Of Victoria will be holding
“THE NATIONAL CYMBIDIUM ORCHID FESTVAL”
in conjunction with their 25th Anniversary Year in 2016.**

The Festival will be held on the 10th and 11th September, 2016 at the Hungarian Community Centre in Boronia, in Melbourne’s eastern suburbs, with set up and judging being on Friday the 9th September 2016.

Full details, show schedules, display and vendor forms etc. will be available at a later date.

Club is investigating a group booking to attend. See page 8 for details.

Dural Show (NSW) Friday 5th to Sunday 7th August

Anyone **intending to attend the National Show in Melbourne** on the 10th and 11th September, and use any of the travel and accommodation packages which were advertised in our June magazine, are reminded that **bookings must be finalized by the end of our July meeting**. There are a number of options available. The show will be really good, with large numbers of high quality cymbidiums being shown, many for the first time. There will be many very desirable plants on sale, so consider attending. Many of our members will be in attendance.

Advance notice. Our guest speaker for the August meeting will be George Serhan, from Sydney. George spoke to us a couple of years back, and his talk was very enlightening and entertaining. George has a very successful hybridizing program. He recently won an Award of Merit with a seedling of Khanebono “Jacinta” with Serhan’s Passion “Marion” , which some of our members will be growing, having purchased them when he visited last time.

He has the following clones available, but you will need to order them by Monday 15th August, if you want to collect them at the August meeting. Email him at **gm.serhan@optusnet.com.au** with your orders. If you cannot email him, there will be an order form at the July meeting. George will also bring some seedlings to the meeting, but no lists will be available. Hint, bring some spend money to the meeting.

Note Photos of the clones below, will be available at the July meeting.

1.	Vogel’s Magic	Bulb and Lead	\$25
2.	Jacinta’s Price “Jemima”	Bulb	\$25
3.	Ruby Spice “Liam”	Large Lead	\$25
4.	Yowie Pepper x Pharaohs Gold “Super Orange”	Lead	\$20
5.	Khan Fury “Imperial”	Large Lead	\$25
6.	Touchstone Super x Blazing Fury	Bulb and Lead	\$20
7.	Awesome Era “Vera”	Lead	\$20
8.	Serhan’s Passion “Marion”	Flowering Size	\$35
9.	Pure Sarah “Starburst”	Lead	\$20
10.	Snow Beauty “Trinity”	Bulb & Lead	\$35

The topic for George’s talk will be “How have you done the last 2 years?¹⁵, just checking on your progress” and a question and answer session, as well as a discussion on hybridising of his seedlings and some of the progress he has made.

Predominately White/Cream	Predominately Yellow/Green
Predominately Red/Brown	Predominately Pink
Any Other Colour	

There are now four (4) sizes: -

Large Standard	Over 100 mm,	Small Standard.....	85 mm—100 mm
Intermediate.....	60 mm— 85 mm,	Miniature.....	Under 60mm

Measurements are horizontally across the widest part of the flower.

There are three (3) divisions: Open First Second

All plants must be clean and virus free or the judges or show marshal will reject them.
The judge's decisions are final. Should any protest be lodged, the show marshal will call a panel to give a decision-

The sole sponsor shall be Westlake's Shopping Centre.

Westlake's Show 2015 Prize schedule

Grand Champion	\$50	
Champion Seedling	\$10	
Champion large standard seedling	\$10	
Champion small standard seedling	\$10	
Champion intermediate seedling	\$10	
Champion miniature seedling	\$10	
Champion large standard	\$10	18

Single Flower Competition At each meeting this year, we will be promoting a single flower competition. We love you to bring your whole plant in flower to exhibit, but there are many reasons why this may not be possible. If this is the case, take this opportunity to show off your single flowers. Please ensure the plant name is on a card, and if possible add a short description of the plant. For example indicate how many flowers per spike, plant size and how many flower spikes, or any other points of interest. Flowers exhibited should be collected after the meeting by the exhibitor. If not possible, please arrange an alternative arrangement with the judges when presenting your flowers for judging. Flowers not collected will be destroyed.

July Meeting Details

Neutrog will tell us about their comprehensive range of fertilizers. Expect lots of good advice, and some surprises

Also, there will be another good grower interviewed, and photos of his collection and growing facility will be shown. Every grower has developed some special techniques, and are usually very prepared to share them.

Photos of the Winter Show will be presented and the winners will be discussed.

The Experts' Choice

Prices effective from January, 2016

ORGANIC BASED SPECIALIST FERTILISERS

Gyganic

Perfect for fruit and citrus, Gyganic has been specifically developed to enhance fruit size, quality and taste.

20kg bag

Kahoona

Ideal for all acid loving plants such as Camellias, Gardenias, Azaleas and Rhododendrons.

20kg bag

Sudden Impact for Roses

Ideal for all flowering and fruiting plants – not just roses.

20kg bag

Strike Back for Orchids

Ideal for all potted flowering and fruiting plants – not just orchids.

20kg bag

Strike Back for Orchids Liquid

Ideal for all potted flowering and fruiting plants – not just orchids.

1L bottle

Sudden Impact for Lawns

Ideal for new and established lawns, along with other non-flowering plants such as palms, ferns and conifers, as well as leafy vegetables and herbs.

20kg bag

Upsurge

Ideal for turf to improve soil structure and increase earthworm activity, root growth and resistance to pests and disease.

7.5kg

ORGANIC FERTILISERS

Bounce Back

A high quality, general purpose fertiliser, specifically formulated for the most effective and safe feeding of all your garden plants. Ideal for winter and summer application.

100% organic and ACO registered.
20kg bag

Rapid Raiser

A high quality, boosted general purpose fertiliser. The increased phosphorus level makes it ideal for planting and promotes faster, healthier and sustained growth for all plants. Particularly suitable for heavy feeding plants such as roses and citrus.

100% organic and ACO registered.
20kg bag

Blade Runner

A high quality, general purpose lawn fertiliser. Ideal for all use on all lawns, particularly new lawns and summer application of established lawns where the slow release properties help to prevent thatch build up.

100% organic and ACO registered.
15kg bag

Rocket Fuel

Specifically developed for growing healthy, organic fruit and vegetables. A portion of all retail sales go to supporting the Stephanie Alexander Kitchen Garden Foundation.

100% organic and ACO registered.
15kg bag

Cock'n'Bull

A mix of cow and chicken manure, Cock'n'Bull is ideal for conditioning the soil whilst adding nutrients. A perfect additive to any garden or vegie bed.

100% organic and ACO registered.
30L bag

Meatworks Blood'n'Bone

An all-purpose organic fertiliser manufactured from meat and bone meal.

25kg bag

ORGANIC FERTILISERS

Seamungus Pellets

Ideally suited for establishing new plants (particularly bare-rooted roses) and for use on natives. Seamungus can also be used as a plant tonic to revitalise all your plants throughout the year. 100% organic and ACO registered.

20kg bag

Seamungus Liquid

Ideally suited for establishing new plants (particularly bare-rooted roses) and for use on natives. Seamungus can also be used as a plant tonic to revitalise all your plants throughout the year.

1L bottle

Seamungus Green

The smaller crumble form makes Seamungus Green ideal for lawns and in dry conditions where more immediate breakdown is required. It can also be used as a plant tonic to revitalise all your plants throughout the year.

100% organic and ACO registered.
20kg bag

GOGO Juice

A pro-biotic for your soil and plants, GOGO Juice provides all the benefits of applying liquid kelp, seaweed and humic acid, whilst adding beneficial bacteria to assist in breaking down the organic matter, maximising the nutrients available to your plants.

BOOKS

From the Ground Up SA
currently out of stock

VIC

NSW

From the Ground Up

From the Ground Up is a complete and comprehensive, state-based garden guide for gardeners. The books utilise the recommendations of many plant experts, coupled with the fantastic knowledge and experience from our authors – Sophie Thomson (SA edition), Jane Edmanson (VIC edition) and Linda, Sandra and Graham Ross (NSW edition).

**Year round
fertilising for
year round
health**

Like humans and animals, plants require regular feeding throughout the year – at least once in each season.

Happy, healthy, well nourished plants are more resistant to pests, diseases, heat stress and frost.

The programs have been specifically developed by experts who rely upon optimum plant growth to earn their living.

To find the Neutrog feeding program that is right for you, log onto our website

Neutrog are great supporters of our Club.

**Please support them wherever possible and tell others
about them**

The Cymbidium Orchid Club of South Australia, was actively involved in developing and testing Strike Back for Orchids and endorses it's use.
