Please give your orders for Neutrog products to Treasurer Christine, at the August meeting

Graham Fear

Welcome to our August issue,

The Spring Show at West Lakes is starting on Saturday 25th August, just 3 days after our August monthly meeting. We are still looking for members to man the trading table and security of the displays. We will hand the roster sheet around again at the August meeting, so if you can help, please put your name in some of the blank spots. As stated in last month's magazine, the same rules will apply for the Spring Show as the Winter Show, so if you want to sell plants on the trading table, please find some time to help, and your sales percentage will be lower than for the non-helpers. This excludes country members, but working members still have a chance to help on the Sunday, and

Thursday from 6.00pm until 9.00pm, or the last Saturday.

As there is five Wednesday in this month, our meeting is on the 22nd and not the 29th. The meeting is normally in the middle of the West Lakes show, **and as is normal for the August meeting, we will not have plants being shown**, with only three days before the Spring Show.

Flowering season is now in full swing, and as usual, they all stated coming out the week after the Winter Show, but hopefully they will all last for West Lakes. Some beautiful plants were presented at the July meeting, with this being a preview of the quality that will be shown at West Lakes.

Great presentation by Angus Irwin at last month's meeting. He is a pleasure to listen to. Thank you Angus for the samples of Whoflungdone. All of you who put your names on the list at the July meeting, will receive a bale of it at the August meeting.

Don't forget to bring your Neutrog orders along to the meeting, and leave it with Christine, along with your payment. There is an order form included with this magazine and you can collect your order from a location to be announced in September.

We will do these orders for the bulk orders twice a year, and will enclose the order form, the month before the delivery month. The next one will be in March. We had a problem finding a storage place, but thanks to Graham Morris. He has volunteered to store them at his house.

I look forward to seeing you all on the 22nd.

Kind Regards Graham Fear President

Don't forget Place your Neutrog order with Christine at the August meeting

at the**

Burnside Community Centre, 401 Greenhill Road, Tusmore, SA

**Meetings are held on the 4th Wednesday of each month,
February to November**

Program - August 2018 Meeting

- 7.00pm** Hall is open. Helpers required to assist setting up seating
Beginner's Group meet on the stage. New members are most welcome.
- 7.15** Beginner's Group meet on stage at front of hall
- 8.00pm** Meeting opens. General business, General discussion and any questions. There will be information about the upcoming Spring Show at West Lakes. Note, put in is on the Saturday evening immediately after the August meeting (25th August). Please try to assist at the show. We need lots of help to make it a success. You should enjoy just being at the show.
- 8.10pm** Our Guest Speaker is Dr Randall Robinson from Melbourne. Randall is a regular and extremely popular speaker for our club. He will discuss some very special South East Asian cymbidiums. We do not often see many of these cymbidiums at our meetings or shows, but some of them have had a huge significance in the breeding of our modern hybrids, particularly many of our earlies and ultra earlies
- 9.15pm** There is no Judging of flowers at the August meeting. The start of the Spring Show, is just 3 days later, so bring them there.
- 9.30pm** Meeting closes. Please remain for light supper and friendly discussions

The next meeting is on Wednesday 26th September 2018.

Bags of TriSodium Phosphate are now available from the trading table (for sterilizing cutting tools etc). One Kilogram bag \$10, 500 grams \$5.00. Larger bags are available on request. Note, these prices are much cheaper than you can get privately.

Special purchase

I (Graham Morris) have available genuine flowering sized plants of Kuranulla 'Maestro' This is a very special, relatively new release of a great showbench plant, but also one which is rapidly proving to be a high quality breeding plant, though used sparingly to date. Some of these flowered this season. They are good growers, with many flowering this season, inside 3 years from flask.

This is a plant which will give you a good chance at winning a major prize, at a major show. It is the parent of the Grand Champion of the 2018 Dural Show, in Sydney (photo front page).

Orders will be taken at the August meeting, and can be collected from my home, by appointment, at the West Lakes Show, or at the September meeting. They are \$35each.

There will be no Single Flower Competition this month

There are good reports from three of our members who attended the Dural Show in Sydney, just a couple of weeks ago.

They also visited a number of cymbidium nurseries in the area, and saw some really high quality plants. See photos on pages 5, 10 & 15.

They acquired a lot of high quality plants, which should do well on the showbench here in coming years.

Lots of high quality photographs were taken of amazing quality plants. It is hoped that they might share those photographs with our members, at a meeting soon. You will be impressed, perhaps even amazed. Consider attending a high quality interstate show in the future. You will learn a lot, and it is lots of fun.

The Victorian Cymbidium Show is from 14th to 16th September 2018.
