## PRESIDENTS MESSAGE OCTOBER 2015

The cold weather this year has created a rather unusual late flush of flowers and possibly delayed some of the potting to make your orchids ready for next year.

Remember good orchid flowering for next year starts now.

Now is the time to decide what orchids need repotting.

Now is the time to attend to shade-house repairs before summer.

Now is the time to think about your fertiliser program for next year's flowers.

Now is the time to check your watering program and sprinkler heads. Now is the time to attend to those tasks you didn't have time for during your flowering season.

The end of the year is fast approaching and with that comes the beginning of a new year so we can start all over again.

For the Cym. Club like our orchids the end of the year is quickly approaching, and with that comes committee nominations for next year. Our club just like your orchids can only operate efficiently if there are sufficient people to carry out the functions as required by our constitution.

So if you are able to participate and you would like to be part of the committee, NOW is the time to start thinking about it.

Remember everyone has something to contribute – so if you think you can help speak to one of the committee at the next meeting.

We have had a packed program this year but the stimulation is not about to stop. This month our speaker is Eddie Ng – for those of you who have not heard him speak before, experienced his breeding logic or seen the quality of his orchid flowers – this is meeting not to be missed.

I look forward to seeing you at the next meeting.

Des Bettcher
